Another document for discussion at the meeting of the Literature Committee this coming Monday, November 20, is enclosed. It is a report from the Project Officer on usage of the system to date. A list of pertinent questions for evaluating the system is also included. At the meeting we hope to discuss each of these questions as well as the points and suggestions made in the other documents already distributed to you.

We have asked both Mr. Brodsky and Mr. Giller of 3i to attend the meeting.
